The development will consist of:

- a) The construction of 123 no. residential units in 3 no. blocks which range in height from 3 to 6 storeys and comprising a mix of 1 & 2 bed apartments;

- e) All associated ancillary development to include pedestrian/cyclist facilities, lighting, drainage, boundary treatments, bin storage, plant, ESB Sub-station and bicycle, motorbike and car parking provided at ground and under-croft level.

The application contains a statement indicating why permission should be granted for the proposed development, having regard to a consideration specified in section 37(2)(b) of the Planning and Development Act, 2000, as amended, notwithstanding that the proposed development materially contravenes a relevant development plan or local area plan other than in relation to the zoning of the land.

Submissions or observations duly made will be considered by An Bord Pleanála in making a decision on the application. Such submissions or observations must also include the following information:

- (a) the name of the person, authority or body making the submission or observations, the name of the person, if any, acting on behalf of that person, authority or body, and the address to which any correspondence relating to the application should be sent,

An Bord Pleanála may grant permission for the strategic housing development as proposed or may grant permission subject to such modifications as it specifies in its decision, or may grant permission in part only, with or without any other modifications it may specify in its decision, or may refuse to grant permission for the proposed development. An Bord Pleanála may attach to a grant of permission such conditions as it considers appropriate.
